6) The order of December 1922 seems to require a modification now. It was passed shortly after the formation of the Board just to avoid raising a controversy with the University. The Board has now been in existence for nearly eight years and there appears to be no reason why the University should still feel squeamish about addressing all routine communications to it instead of direct to Govt. Communications relating to matters requiring orders of Govt. may however be addressed direct to Govt. as heretofore. The whole thing is a matter of convenience in the despatch of official business and not one of loss of prestige as the University seems to imagine. Formerly, the Assistant Resident used to worry the Dewan with all sorts of routine communications; but now by an arrangement arrived at with the Residency, such communications are addressed to the Secretary to Govt in the department concerned. There is no reason why the same analogy should not be brought to bear on communications emanating from the Registrar of the University on matters bearing on C.R.B. returns &c.
